# CATLEA BIO

Singer-songwriter and multi-instrumentalist Catlea's musical style covers an eclectic spectrum from alt-indie to rock, to pop and EDM. The alt-indie singer's vocals range from angelic to raw and powerful. Complimenting their distinctive vocals, Catlea plays piano, acoustic guitar, rhythm guitar, and ukulele.

Since their first song in mid-2019, Catlea has:

- Released 11 international singles produced in LA, New York, Chicago, London, Barcelona, and Bucharest
- Achieved 5 million streams
- Gathered 140,000 followers on social media and streaming services
- Garnered 750,000 YouTube views

The Cincinnati native spent three years writing, producing, and perfecting ten new alt-indie songs for a full-length album called Language Barrier, working closely with producer Jason Boshoff (Ed Sheeran, Josh Groban, David Gray, Rufus Wainwright) of Room to Studios in Barcelona, Spain. All Catlea vocals were recorded locally at PLAY Audio (formerly Gwynne Sound).

"I love writing songs, making music, and performing live," said Catlea. Their songs feature catchy "earworms" with witty lyrics and melodies that get inside your head and make you want to click replay. "I try to create music that has personal meaning to me and anyone listening."

Catlea's latest release, "Like Me" is an emotional journey that speaks to our need for connection, which beautifully builds from a striking melody and stunning vocals through the raucous, heartfelt finale of hope and inspiration. Hold on. Don't give up. Things will get better. You're not alone. You will find others just like you.

The "Like Me" music video was produced by Big Media Creative, the same team who produced the "Stressed Out" video by Twenty One Pilots.
